DETAILED ACTION

1. The finality of the last office action is hereby withdrawn in view of the preceding 35 U.S.C. 112 1st paragraph rejection.

Allowable Subject Matter

1. The indicated allowability of claims 1-9 is hereby withdrawn in view of the preceding 35 U.S.C. 112 1st paragraph rejection.

2. Claim 14 is allowed.

3. Claims 1-9 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-9 and 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

a. "a closure . . . positioned" (claim 1, lines 4 and 5) is vague and indefinite, since it is not readily apparent as to exactly what the closure is formed on (i.e., the wafer or the wafer contacts).

Art Unit: 3724

b. "a closure . . . positioned" (claim 20, line 4) is vague and indefinite, since it is not readily apparent as to exactly what surface the closure extends from.

Claim Rejections - 35 USC § 102

6. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

7. Claims 16 and 20 are rejected under 35 U.S.C. 102(b) as being anticipated by Church et al (4,914,868), as applied in the rejection filed June 1, 2007.

a. In addition the limitation added to claims 16 and 20 do not further limit the claims, since in claim 16, the wafer is not positively recited as part of the adapter, and in claim 20, applicant's broad recitation of "a surface" is seen to be met by Church et al.
